Synopsis: "Hailbringer: A Romanian Folktale" is a dark fantasy novel inspired by Romanian folklore and history. Set in mid-fifteenth century, it introduces Codru, a retired sword-for-hire in his thirties grappling with a violent past. Seeking an escape from his life of brutality, he returns to the land he once called home. As he fights to sever the ties to his malevolent past, he embarks on a journey where the lines between reality and myth blur, leading to a quest for redemption."
